

TREAT YOUR FEET. Hard working feet deserve the best. Explore our cutting-edge range of advanced working socks with innovative features for superior working comfort, every step of the day.

Coolmax® Mid Socks, Page 73.

CUSTOMIZED PROTECTION.
Explore our exciting range of accessories and create your own personal solution that supports you specific on-the-job needs. Count on added protection and convenience with every product.

PROTECT YOUR HEAD. 80% of body heat escapes through the head – so use a beanie or cap when it's cold outside. And under a blazing sun, a protective cap makes all the difference.

PROTECT YOUR HANDS. Your hands are one of your most important tools. Even the strongest hands should be handled with care. Experience how the advanced design of our work gloves helps you protect them and keep them warm.

9517 Winter Glove
Extreme protection in action. Lined, watertight winter gloves that breathe for the best possible protection – a must in cold or stormy weather. Designed for maximum protection from the elements, working comfort, and solid grip.

- Designed with Chamude® – a soft light material – breathable and washable
