

**STAND OUT.** Our new cutting-edge range of Hi-Vis garments takes personal protection to the next level. Giving you the renowned Snickers Workwear functionality and working comfort – while making sure you are seen at all times.

**A TRUE LIFESAVER.** We take personal protection seriously – without compromise. That's why for example our Hi-Vis jackets, T-shirts, Polo shirts and vests feature reflective stripes all around, including over or across the shoulders so that you're highly visible from all directions – even when bending down.

**VISIBLE COMFORT.** The Snickers Workwear unlined Hi-Vis jackets and trousers are made in working comfort cotton on the inside and dirt repelling polyester on the outside. A brilliant mixture for enhanced comfort and reduced risk of sweating.

**CONTEMPORARY DESIGN.** With our Hi-Vis garments you'll be seen in style. The advanced and contemporary design with contrasting colour combinations ensures a bright impression. Even at midnight.

 **EN 471 HIGH VISIBILITY WARNING CLOTHES** This standard specifies requirements for clothing capable of signalling the user's presence visually. Performance requirements are included for colour and retroreflection as well as for minimum areas and for the disposition of the materials.

There are 3 different classes and class 3 is the highest class.

**Class 3:** Total fluorescent area must be at least 0.8 m<sup>2</sup> and 0.2 m<sup>2</sup> reflective material.

**Class 2:** Total fluorescent area must be at least 0.5 m<sup>2</sup> and 0.13 m<sup>2</sup> reflective material.

**Class 1:** Total fluorescent area must be at least 0.14 m<sup>2</sup> and 0.10 m<sup>2</sup> reflective material.
